AVULA VAMSHIDHAR

SOFTWARE DEVELOPER & DATA SCIENCE STUDENT

vamshib986@gmail.com | +91 80743 50349 | Hyderabad, Telangana, India
github.com/AvulaVamshidhar | linkedin.com/in/avula-vamshidhar-414694330

PROFILE

Computer Science and Data Science developer with a strong foundation in backend development, data processing pipelines and statistical modeling. Skilled in Python, FastAPI and R, building reliable data-driven applications: REST APIs, event-driven architectures, financial risk models and computer vision pipelines. Focused on clean code, algorithmic efficiency and turning complex data into actionable insight.

EDUCATION

B.Tech - Computer Science Engineering (Data Science) — 3rd year | CGPA 7.72
Gurunanak Institutions of Technical Campus

Intermediate — Grade 7.78
Vagdevi Junior College

10th Standard — Grade 9.2
Providence High School

TECHNICAL SKILLS

Languages: Python, C, JavaScript, R
Web: HTML, CSS, React, Node.js
Data Science: Data analysis, statistics, data visualization, machine learning fundamentals
Tools: Git, GitHub, VS Code, Kali Linux
Also worked with: Java, FastAPI, MySQL, MongoDB, GitLab

PROJECTS

DocuHealth AI - Clinical Report Analyzer & Patient Health Literacy Engine

Python | FastAPI | OCR | Tesseract | REST API | HTML | CSS

- Full-stack health-tech app that ingests clinical reports as PDFs, images or text and translates dense lab data into plain-language insights.
- OCR extraction digitizes scans; regex-based biomarker parsing validates results against clinical reference ranges.
- Generates tailored questions for consultations, improving patient comprehension of diagnostic results.

File Sharing Web Application

React | Node.js | JavaScript | Vercel Blob

- Temporary file-sharing platform: drag-and-drop uploads generate a unique, shareable download link with no account required.
- Automatic 24-hour expiry removes uploads, keeping storage lean and privacy intact.
- Responsive interface with a file management dashboard for viewing and deleting uploads.

CERTIFICATIONS

MongoDB - GeeksforGeeks (2026) | IBM Data Fundamentals (2026)

Available for software development and data roles.
